**QUESTION 1**  
**Accounting cycle**  
**Accounting cycle is a systematic process of recording, summarizing and reporting the financial transactions and events of an organization in a chronological order.**  
**The accounting cycle consists of the following steps:**  
**1. Identify the accounting transaction.**  
**2. Record the accounting transaction in the journal.**  
**3. Post the journal entry to the ledger.**

**5. Financial Performance Summary (YTD - 2023)**

This section provides a detailed breakdown of the company's financial performance for the year 2023, comparing actual results against budgeted figures. The data is presented in millions of USD. The budgeted figures are based on the approved budget for 2023. The actual figures represent the performance as of the reporting date. The variance column indicates the difference between actual and budgeted performance.

This image shows a page of graph paper. The grid consists of small squares. A vertical margin line is present on the left side, creating a narrow column. The grid extends across the width of the page and down to the bottom edge. There are some faint, illegible markings in the top right corner of the grid area.
